Factory. L'unicità del Made in Italy Tognana.

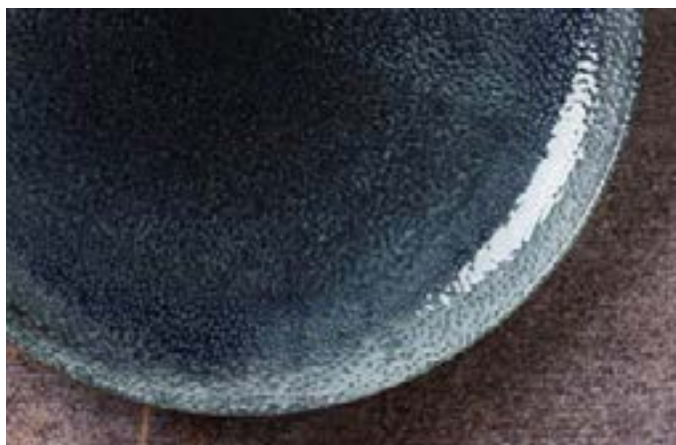

MADE IN ITALY

Factory è la nuova linea Tognana Professional Made in Italy che, grazie alla tecnica della evoluta stampa digitale e al nostro saper fare italiano, interpreta il trend attuale del mood materico. Un trend diffusosi già in diversi ambiti e settori, come ad esempio moda e auto, e che è approdato anche nell'arredo professionale della tavola. Il valore della sensazione materica del piatto, oltre alla sua bellezza, è quello di trasmettere un percepito più prezioso e fare del prodotto una cornice alle pietanze, esaltandone il food styling, quasi fosse una tavolozza artistica. L'armonia dei 9 decori Tognana proposti su 6 diversi articoli, per un totale di 18 piatti, permette di creare un mix & match personalizzato in grado di rendere unico ogni ambiente e stile ristorativo, enfatizzando la propria identità.

Factory. The unique style of Tognana Made in Italy.

Factory is the new Tognana Professional Made in Italy range, which interprets the current trend of textured moods through an advanced digital printing technique and our Italian expertise. A trend that has already been widely adopted in different fields and sectors, such as fashion and cars, and has also caught on in the world of professional table settings. The value of the textured feel of the plate, as well as its visual appeal, lies in its ability to convey a more sophisticated sensation, by framing the food and enhancing the styling, as if it were a painter's palette. The balance between the 9 Tognana patterns on the 6 different items, for a total of 18 dishes, allows you to personalise and vary the way you mix and match them to add a unique touch to any setting and dining style whilst highlighting your own identity.

The care that sets Italian expertise apart is the key to the new Factory range which is entirely Made in Italy. A guarantee of excellence at every stage, including the planning, design, pattern concept, creation, painting, decoration and firing, packaging and shipping, as well as after-sales support. Digital printing technology was chosen for the pattern because it guarantees superior quality thanks to the expertise of the Italian creative and production process, combined with the benefits of this technique, which together ensure a hard-wearing pattern which does not fade and remains unchanged over time.

La cura che contraddistingue il saper fare Italiano è il cuore della nuova linea Factory. L'intero processo di realizzazione è Made in Italy a garanzia dell'eccellenza di ogni fase che include progettazione, design, ideazione decoro, realizzazione, verniciatura, decorazione e cottura, imballo e spedizione, fino all'assistenza post-vendita. La scelta della tecnologia di stampa digitale del decoro è guidata dalla consapevolezza di raggiungere una qualità superiore grazie alla maestria del processo creativo e produttivo italiano abbinata ai vantaggi di questa tecnica che, insieme, assicurano un decoro indistruttibile, che non sbiadisce e rimane invariato nel tempo.

Ecosostenibili. Vicini al tuo mondo.

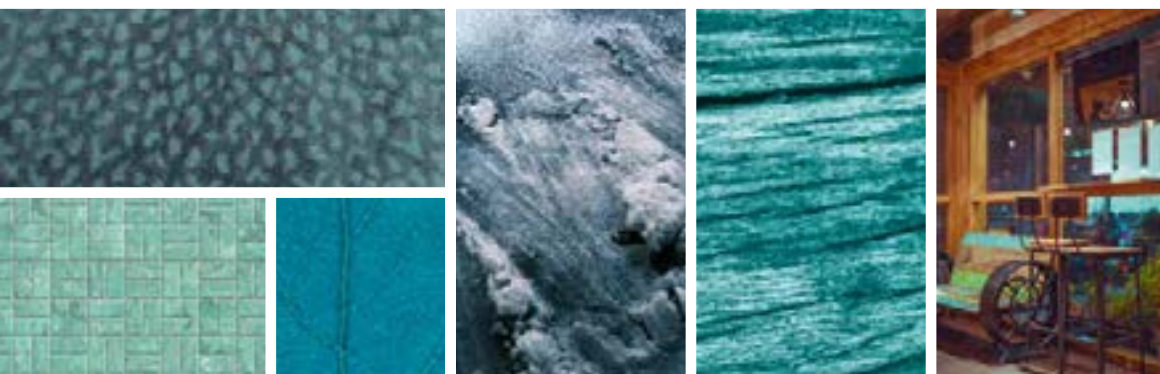

La filiera corta di un progetto tutto realizzato in Italia concentra le attività in un unico luogo evitando una serie di consumi che sarebbero altrimenti necessari per spostamenti o lavorazioni esterne. Inoltre, scegliere un prodotto della linea Made in Italy by Tognana con decoro stampato digitalmente contribuisce a salvaguardare l'ambiente in quanto la produzione richiede minori consumi energetici, per la particolare tipologia di cottura e lavorazione che necessita.

Eco-friendly. Close to your world.

The short supply chain in an all-Italian project means the activities are carried out in a single place, thus keeping consumptions to a minimum by avoiding changes of venue and outsourcing. Choosing a Made in Italy product by Tognana with a digitally printed pattern also helps to safeguard the environment because the production process consumes less energy thanks to the special firing and processing required.
